

CAPABILITY STATEMENT

Executive Summary

Exodus is a Certified Minority Business Enterprise (MBE) and Woman-Owned Small Business (WOSB) founded in 2016 offering professional services to corporations, governments, and other organizations. Your business processes are the lifeline of your organization – and how they perform is critical to your overall success. When your processes are inefficient, you also have fewer opportunities to innovate and scale your business. Our value proposition is to connect people and processes by quickly identifying inefficiencies and restoring optimal business performance. Our capabilities include *People & Organizational Performance, Operations, Human Resources, Diversity, Equity & Inclusion, Learning & Development, and Business Transformation.*

CORE COMPETENCIES

- System Award Management
- SD-VOSB
- WOSB
- Minority Business Enterprise
- Ability to evaluate business needs.
- Ability to design projects to improve management processes and systems.
- Ability to conduct qualitative studies of work processes and policies.
- Ability to develop systems to manage critical areas and utilize metrics to track performance.
- Program & Project Management.

DIFFERENTIATORS

Our service differentiator is our systems thinking approach to problem-solving.

This allows us to curate structural rather than event-based solutions, ensuring that a process is never looked at in isolation but rather as a system, enhancing our ability to create viable solutions for your business challenge.
